The package unit houses the Scroll Compressor, the best technology that guarantees high volumetric efficiency and low friction losses. It gives a wide range of comfortable features, especially suited for Indian conditions like wide operating voltage, silent operation, economical running and unmatched reliability.

Founded in 1915 by Dr. Willis H. Carrier, Carrier is the world's largest manufacturer of air conditioning, heating and commercial refrigeration systems. Over the years, Carrier's name has become synonymous with reliability, innovation, commitment, superior, technology, cutting-edge manufacturing processes and world-class performance.
